From the D e Bangalore Dt

No 176-3953/40-41-2.29-2/10-43

Requests sanction to the estimates for Rs 7,800/- and Rs 6,680/- being the cost ~~of the second~~ of the first stage and the second stage of the drainage scheme at Hoskote respectively

1 An estimate for Rs 42,500/- is said to have been prepared for the comprehensive drainage scheme for Hoskote Town

2 The ml cl proposes to take up the work in installable stages and the first two stages of the scheme which are estimated to cost Rs 7,800/- and Rs 6,680/- ^{respectively} are proposed to be executed during the years 1943-44 and 44-45

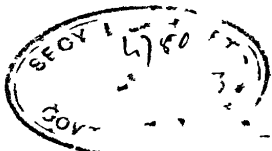

3 In the first instance, the file may be sent to the chief engineer for favour of sanctioning of the two estimates referred to above and the question of financing the first two stages considered thereafter

On 12/11/43 4 A - will be done, if appd

7/ The Hoskote Town M.C. have submitted two estimates for Rs 7,800/- and Rs 6,680/- for the 1st stage and 2nd stage of the drainage ^{scheme} of the town respectively to be executed during the years 44 and 44-45, the cost being met by the Govt and the M.C. in equal proportions

2711 Hoskote drainage scheme
 8) In order to finance their portion of the scheme the hbl cl pays for the grant of a loan of Rs 7,000/- carrying interest at $4\frac{1}{2}\%$ and repayable in 14 years.

9) The D C observes that, as the financial condition of the hbl cl is not sound, the hopes of the hbl cl re the loan may be complicated with and the hbl cl propose to earmark a sum of Rs 800/- from out of their funds to towards the repayment of the loan proposed to be taken

10) Points for notes are -

- 1) sanction to the two estimates for Rs 7800/- and ^{for} Rs 6,680/- relating to the 1st and 2nd stage of the drainage works respectively, the cost being met by the Govt and the hbl cl in equal proportions (the estimates were found by the chief engineer to be under)
- 2) sanction to a grant of Rs 3,900/- from out of the T D grant for 43-44 towards the Govt share of the 1st stage of the scheme

A / 3) sanction to the grant of a loan of Rs 7000/- carrying interest at $4\frac{1}{2}\%$ and repayable in 14 years, to the hbl cl under to finance their share of the cost

19) Sub Ltr. - The D. & Company it was

on 17-1-44, requested to furnish a note on the financial position of the Hoskote Tmn. Bd. as to deal with the question of the drainage scheme at the place. The same has not so far been received though 11½ months have elapsed. It is not clear why ~~the~~ ~~Director has taken~~ such a long period has been taken to furnish this simple information. A draft D.O. letter is being to the D.C. Bangalore pointing out the above, for orders.

20/ subts with reference to ~~from~~ the orders of the Dy. Commr. Dy. at para 18 infra.

18/12

21/ 1) Issue of resolution with the sanction of Bd. for Hoskote in 1944-45.

20/12
No L 6177 & 21-12-44

22) Reamitted --

Two estimates, one for Rs. 7,800/- and the other for Rs. 6,680/- for the I and II stage drainage schemes ~~at Hoskote~~ respectively at Hoskote have been submitted by the Chief Engineer for and found to be in order.

The cost of both the stages is proposed to be met by the Govt and the MLC in equal proportions

23) In order to meet these share of the cost towards both these stages, the MLC prays for the grant of a loan of Rs 7,000/- carrying interest at $4\frac{1}{2}\%$ and repayable in 14 years and a sum of Rs 800/- is proposed to be earmarked towards the repayment of the loan prayed for. In view of the bad financial position of the MLC, as per D's report, the D.C. also recommends to sanction the same.

24) In this connection, it may be stated that according to the sanctioned budget for 44-45, the financial position of the MLC is satisfactory.

x - F

25) In the above circumstances, funds for ~~sanctioning~~ both the estimates one for Rs 7,800 for the I stage and other for Rs 6,680/- for the II stage of the drainage scheme at Hoskote may be sanctioned, the cost of the scheme being met by the Govt and the MLC in equal proportions.

Hoskote drainage

2) - The ml cl may be asked to take up during this year the I slope at a cost of Rs 7,800 and to meet the share of the cost amounting to Rs 3,900 from out of their funds, as the financial position of the ml cl according to the sanctioned budget is fairly good it is not perhaps reasonable to grant the loan proposed for and 3) - A grant of Rs 3,900 from out of this drainage grant for 44-45 may be given towards protection of the I slope

2) Sublet for roads

ma 5/1 - 21) The D.C. has submitted the information called for in the office letter dated 17/1 one or two days ago. Pl put it up for

13
Comprehensive damage Scheme - Hoskote

6044 $\sqrt{\frac{7003}{45}}$

55) The Deputy Commissioner, Blue District, forwarded a revised Comprehensive damage scheme estimated at Rs 1,32,500/- along with two minor revised estimates for Rs 26,120/- and Rs 19,200/- The two minor estimates relate resply to the I and II parts of the damage schemes

56) The Hoskote municipal commal. requests sanction for the estimate for Rs 1,32,500/-

57) Regarding financing the scheme, the ml Commal ~~states~~ ~~proposes~~ that the ~~total~~ cost may be met by the Govt and the ml commal, in equal proportions. It also prays Govt for grant of a loan of Rs 66,250/- to meet its quota of the cost.

58) The ml commal, proposes to set apart a sum of Rs 2,000/- every year out of its increased income towards the repayment of the loan. They would finance the scheme out of the cesses, rents and octroi duties to be collected by the mly. Annually, the rate of interest to be fixed by Govt at $\frac{1}{2}\%$.

59) The D.C. recommends the above proposals and requests sanction for taking up the 1st & 2nd stage of the work during 46-47 and 47-48 and to the grant of half the cost i.e. Rs 22,660/- as Govt grant and Rs 22,660/- as a loan to the mly, repayable in annual instalments of Rs 2,000/- with 4% interest.

60) The estimates are sanctioned by the Chief Engr for Roads & Bldgs.

61) points for orders are -

A

- 1) Sanction to an estimate of Rs 1,32,500/- for the comprehensive drainage scheme at Hoskote
- 2) The cost of the estimate being met by the Govt and Hoskote Tam. ml commd in equal proportions
- 3) Sanction of a Govt grant of Rs 66,250/- and
- 4) sanction of a loan of Rs 66,250/- to the ml to be repayable at Rs 2,000/- per annum with the rate of interest to be fixed by Govt

62) The D C recommends the following:-

26120 I stage
19200 II stage
45320

B

- 1) Sanction to the estimates for Rs 26,120/- and Rs 19,200/- for the 1st and 2nd stages of the work respectively during the current and succeeding years
- 2) Govt Grant of half the cost of both the works i.e. Rs 22,660/- and
- 3) sanction of a loan of Rs 26,660/- to the ml commd repayable in annual instalments of Rs 2,000/- with 4% interest

63) The D C's recommendations are a part of the main scheme

64) pl note the financial work of the ml for 1946-47

The Abstract figs of the budget of Hoskote Tamml for 1946-47 stand as follows:-

opening Balance	Rs 9,618-0-0
Receipts	Rs 30,782-0-0
Total	Rs 40,400-0-0
Expenditure	31,189-0-0
closing Balance	Rs 9,211-0-0

The financial position cannot be said to be satisfactory as the income is less than the expenditure during the year and the closing balance is less than the previous year.

64/2

15

Points referred to at A/B in
paras 61 & 62 of the notes before
are for order (rev Secy) for 5/2/47

1) The Municipality is not in a position to undertake such financial responsibilities. Its repayment capacity - if a loan is sanctioned, is not much. The loan will have to be spread over a period of more than 30 years. It seems best for the Municipality to build up some reserves, increase its revenues & improve its capacity to borrow & repay the loan. Ordinarily these grants are made to municipalities which have done good work and whose resources are fairly good.

Minister for Rent
through the Commr's
5/2/47

FINANCE
5421
7/2

Rev
6/2/47
for 6/2/47

From paragraph 64 above it is seen that the receipts of this municipality and its expenditure, for 416-417, are

27/6/1947

Rs 30782 and Rs 31,189 respectively. The receipts are less than the expenditure, The closing balance is less than the prescribed minimum. The local body is hardly in a position to borrow with any hope of repaying the loan. The loan therefore need not be sanctioned, as without the loan the work can of course, not be taken up, the estimates need not be sanctioned. It may also be mentioned, that if once the first stage of work is begun, it is likely that Government would stand committed to incur the whole expenditure of Rs 1,32,500 themselves.

8/2/47

Don
8/2/47
for

6.444.
12.2.47

69) It may be asked to examine the financial resources & the paying capacity of the Municipality, the source of revenue which would be ~~the~~ ^{the} ~~available~~ ^{available} for repayment of the loan, if sanctioned, whether such ~~ear-marking~~ ^{ear-marking} is possible without prejudice to the other commitments or obligations which have to be attended to & the increased ~~responsibilities~~ ^{responsibilities} to be taken on the Municipality in future years, whether there is no scope for improving the financial condition of the Municipality, if there is, in what directions & what the expected increase in realisations would be & whether the Municipality would be agreeable to take steps to improve their resources accordingly & to submit a report to Govt. early. It is desirable in its health condition & it is necessary to give the place a good drainage scheme as early as possible.

P.H. 1000

109) what arts and professions flourish in Hoskote and what would a tax on them fetch? Obviously this would be very little, if at all anything

110) The impression that Govt have to bear the whole cost gets confirmed by the general financial condition of the municipality and the lack of even approximate figures from of revenue from the proposed sources

111) The municipality cannot repay @ 3500/- per year at all, and Govt stand committed to such heavy expenditure owing to the Revision of Salaries and introduction of Prohibition, that it would not be advisable to undertake additional burdens

112) I shall discuss this matter with the Municipal Council in the last week of this month. I may be informed accordingly. The file may be sent to me after I return from Mysore

Letter no. M & 3593 dated the 5th
May 1948 from the Deputy Commissioner
Bangalore District furnishing the
particulars called for in letter no
L 1405 dated the 27th February 1948
on the subject —

124) The points for orders have
been set forth in para 99
supra. Embodied with reference
to the
to orders dated the 21st February
1948 in para 120 supra

Comprehensive drainage scheme to Hoskote Town

Q20
VT-32

125) With reference to the points raised in letter no L 1403 dated the 27th February, 1948 on the above subject, the Deputy Commissioner states that he made a personal inspection of Hoskote town on the 29th March 1948 and had a full discussion on the subject with the President, Vice-President and the full Council and that the proposed drainage scheme has to be put through immediately in the interests of the health of the people of the place which has become material on account of the bad drainage system obtaining at present. It is reported that the M L C is anxious to have the entire scheme put through, and the first & second stages immediately.

126) As regards the financial aspect, the D C states as follows. -

- (i) At present the M L C has taken a loan of Rs 8445 for improvement of Shandy Main and the income derived from the Shandy is enough to meet this liability.
- (ii) The M L C has the undermentioned proposals to improve its resources -
 - (a) Levy of professional tax
 - (b) Construction of Vegetable Market
 - (c) Construction of Mutton stalls

127) Re (a) The professional tax has already been sanctioned by Govt in No L 4811-12/M L 67-46-47 & 26 9 47 & the income expected from this source is Rs 2000/- Thus the C L proposes to earn more for the redemption of the loan of Rs 22600 they are praying for and which they have proposed to repay in annual instalments of Rs 2000/-

(b) Estimate has been prepared for this work & plan also approved by Govt & checked as far back as 1940. The C L proposes to take a loan to the extent of half the cost - (Rs 9260) & approve for an outright grant for the other half. The income from this source is pitched at Rs 3000/- per year which will be for meeting the loan and also leave a surplus.

comprehensive drainage scheme for Hothoke town 6732

(c) Proposals for this have been submitted to Govt already
 in letter no MB4021 dt 27/4/48 dated 22/4/48 A grant of Rs 2970
 is asked for, in addition to Rs 1355- already sanctioned
 in 1942. The total cost of the work is Rs 9050 & Rs 3110
 has already been placed at the disposal of the Sanitary Eng
 The income expected from this Rs 1000 per annum

128 On the whole, the M.C.C. expects an increased
 income of Rs 6000 annually, against which there will
 be a loan payment of Rs 2000 for Vegetable Market the
 remaining Rs 4000 will be available for redeeming
 the loan to be raised for the drainage scheme
 In the circumstances detailed above the D.C.
 recommends that the proposal made in this
 letter dated 27/1/47 for comprehensive drainage scheme
 for Hothoke town may be sanctioned.

 No. 2934
 585

26/5/48

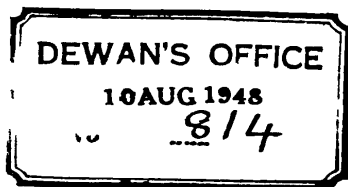

Comprehensive drainage scheme

for Hukhbe Zoon

5732

132) The detail report of the D.C. on the remarks of the made by me on 21-2-48 and also on the observation of the financial secretary is for consideration

It is true that the financial condition of the Municipality is not satisfactory at present but at the same time as I have seen, the sanitary condition of the Town on account of the bad existing drainage system has resulted in increase of malaria in the Town. If the Govt. are anxious to safeguard the health of the people in general, the above proposed scheme has got to be viewed generously irrespective of the financial position of the Municipality. The D.C. has opened that the future anticipated income will be sufficient to repay the loan asked for the importance of the scheme looks to be very urgent in the interest of the health of the population of the Town that we have to implement it at one stage or the other. Hence it is my well considered opinion that the recommendation of the D.C. is reasonable and acceptable. This may go to Council.

31/7/48

135) I see that the last time the file was noted on by Finance was in October 1947. It is the duty of the Secretary that

that the file is marked to the Finance Department, before it is seen by the Minister in charge. As the Minister (D.S. 1) has voted on it after the receipt of D.C.'s report but before Finance has commented on the report, the file may be seen by Hon Finance Minister. The case will be placed before Council at a meeting after the Finance Minister has seen the file.

8/4
D O

Hon Finance Minister.

136) Fin Secy for his views now

19/9

Fin Secy
w/c

is.

21/9

21/9/48

137) I have already noted twice on this proposal, once on 7-2-47 and a second time on 7-10-47. In my note dated 7-2-47 I apprehended that once the Scheme was sanctioned and work begun, govt would have to bear the whole cost. Since then the emphasis has been on the necessity for the work and not so much on the capacity of this municipality to pay either its share or its instalments of loan.

138) Regarding the fresh sources of Municipal income I must confess to a feeling that the Revenue from these has been overpitched and is not likely to be realised. It is not clear to me, how the Deputy Commissioner says in his letter of the 5th May 1948 that the Municipality is already getting an income.

6732/42 3

Comprehens or drainage Scheme for Hostels ³
 of Rs 2000/- under Professional tax It is not even one
 (26-9-1947) year since govt sanctioned the levy of this tax and
 it is not clear how this much could have ^{already} been got

(139) Similarly I am doubtful if the Vegetable market is good for Rs 3000/- per year and the Mutton Stalls for another 1000/-

(140) Even granting the correctness of these anticipations and accepting their realisation as a fact year after year, it is seen that the income of Rs 2000/- from professional tax has been earmarked towards the repayment of an already subsisting loan of Rs 22,600

A. | (141) It may be kindly stated whether this year Rs 2000/- was paid towards liquidation of this loan and whether that Rs 2000/- came from the professional tax collections

(142) That leaves us with Rs 4000/- as the source to discharge a debt of Rs 66,250/-
 --> Including interest at 4% on this sum the period of repayment would not be far short of 20 years roughly and he would be a bold man who would expect year after year these sums from these sources

(143) If the argument is that the health of the place is so bad that the work must be taken up regardless of what and whether the Municipality can pay, the fact ^{that} there may be other Municipalities equally impoverished and equally entitled to relief has to be borne in mind. The capacity of the govt to come to the assistance of them all in an equal measure is at best highly problematical

(144) In conclusion I would suggest that the information at A above may be got, that the two other Schemes (the Vegetable and the mutton markets) may be worked for at least one year, that the realised income from these three sources for at least one year be made the basis of calculation for a number of years succeeding.

and that a final decision be taken on the actual collections of at least ^{one} year's revenues from all these three sources, as to whether, the drainage Scheme may be put through as proposed

145) There is one other point Rs 66,250/- is half the amount of the estimate, and ^{the} amount sought for ^{as} a loan from govt. How the other half, again of Rs 66,250/- is to be raised and from where is not mentioned If that is also to be from govt., the loan will run on for about half - a century, assuming of course, that the financial condition of the Municipality is not capable ~~to~~ of further improvement

Comprehensive drainage Scheme for Hoskote town

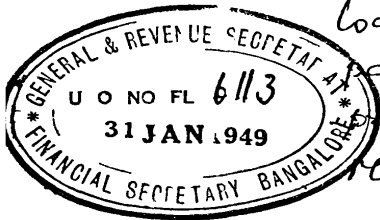

From

The Dy Commr, Bangalore

No N 6 3593/40-41 dated 13.1.49

Encloses the information called for

151) The DC states that the loan of Rs 22,600/- was asked for taking up the 1st and the 2nd stage of the comprehensive drainage Scheme and the same is yet to be sanctioned. He then states that the question of payment of the loan instalment of Rs 2000/- referred to at para 141 supra does not arise. Further the professional tax is proposed to be levied by the Municipality with effect from 1.1.49.

152) The file may perhaps be referred to the Financial Secretariat with the above information with reference to para 141 of the order supra.

Resd 29/1/49
for 28/1/49

Gen Secy for 28/1/49

153) Financial Secy
(48)

29/1/49
for 28/1/49

154) Our own financial position is now so bad that there is no money to lend, especially where hopes of repayment are small. 4% is no longer good enough as interest rate. The minimum now is 6%. This is beyond the capacity of this municipality. For these reasons in addition to what I have already stated thrice in this file the proposal is not financially acceptable.

plan

Office of the Deputy Commissioner,
Bangalore District,
Bangalore, Dated, 29th Octr '43

From

Mahomed Ismail Sheriff, Esq., B.A.,
Deputy Commissioner,
Bangalore District

C Narayanaswamy Naidu, Esq., B.A., B.L.,
Secretary to Government of Mysore,
Law Department, Bangalore

Sir,

Subject.- Comprehensive Drainage Scheme
to Hoskote Town.

Recd 6/11

I have the honour to state that an estimate for Rs. 42,500/- has been prepared for the comprehensive drainage scheme to Hoskote Town. The cost being prohibitive and the municipality unable to finance the whole scheme at once, the Director of Public Health was requested to suggest more convenient and suitable stages of working up the scheme. He has accordingly sent two estimates amounting to Rs. 7,800/- and Rs. 6,680/- respectively being the cost of 1st two stages of the work. The first one relates to the improvement of the Central main drain from the position G to R in the enclosed Survey plan of the town. The second estimate amounting to Rs. 6,680/- relates to the construction of mains from the position B to F and also the construction of outfall works. It is stated that the above works may be spread over 2 years and after the completion of these, the remaining portions of the comprehensive drainage scheme amounting to Rs. 28,020/- for the construction of street drains can be spread over a period of 5 years.

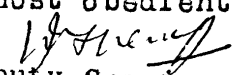

2) The Municipal Council were consulted re-

P T O

regarding the ways and means of working out the scheme After prolonged correspondence, they have resolved at their meeting held on 25-9-43 that the 1st two stages of the estimate may be taken up during the years 1942-43 and 1944-45 the cost being met both by Municipality and Government in equal proportions and the Municipal quota being advanced by Government as loan in view of the slender resources of the Municipality at present In all a sum of Rs.7,000/- has been requested to be sanctioned as loan repayable in 14 years The Council -- proposes to set apart a sum of Rs.800/- every year out of its increased income consequent to the revision of assessment - towards the repayment of the above loan with interest The Council are not in favour of the levy of drainage cess as the ratepayers are, in their opinion hit hard by the existing - taxes as can be seen from a resolution passed on the subject The Amildar President in recommending the above proposals -- states that the balance of the existing loan of Rs.1,000/- - (out of Rs.4,000 sanctioned towards water supply scheme) -- would be cleared this year and next and there would be no - trouble in sanctioning a fresh loan to the Municipality -- towards the all-important drainage scheme of the Town - This Municipality has also been converted into a Town -- Municipality from 1-1-1944

3) In these circumstances, I recommend that sanction of Government may be kindly obtained to the above proposals of the Municipality and also to the grant of Rs.3900/- -- (being half of 7,800/-) from Town Improvement grants for the current year and the sanction of a loan of Rs.7,000/- at 4% percent interest per year to meet the municipal quota for 2 years The connected records together with the estimates and plans are enclosed for favour of reference

I have the honour to be,
Sir,
Your most obedient servant

Deputy Commissioner,
Bangalore District.

Sir,

Subject: Comprehensive drainage scheme to H. S. Kote from

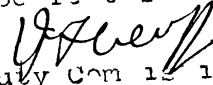

With reference to your letter No. L 7236, dated 17-1-1944 on the above subject, I have the honour to note in the

Opening Balance	Rs. 5,078/-	I am in the financial position of
Receipts	" 16,450/-	
Not	" 21,528/-	
Payments	" 16,392/-	
Closing Balance	" 5,136/-	

year 1944-45 as per sanctioned budget. The actual receipts up to the end of November 1944, are Rs. 1,231-5-3 as against the budget estimate of 16,450/- for the whole year. The total receipts for the year 1944-45 are Rs. 14,975-5-11 as against the budget estimate of 14,700/- and that the article dated 1st December 1944 may be utilised within the second half of the current year as the collection season commences only from the month of February 1945.

2. The Municipal Council expects a grant of Rs. 4,000/- during the current year for various drainage works. It is also included in the estimate in the budget for 1944-45. But this item was deleted on the distribution by Government of the sum for improvement of the drainage system. The drainage scheme is of urgent necessity to the town and the Municipal Council would like to work out the scheme in the shortest time recommended by the Director of Public Health as already mentioned in this letter of even number dated 2-11-44. In the circumstances, I request the Government to be lenient to the proposals contained in my letter of even number

J to 2-1 -1013 the connection between the parties involved

Bangalore District,
Bangalore, dated, 27th January 47

Sub 176

J B Mallaradya, Esq, M A,
Revenue Secretary to Government
of Mysore, Bangalore

Sub - Comprehensive drainage Scheme at Hosakote

With reference to your letter No L 13900, dated 11th June 1946 calling for certain particulars on the above subject, I have the honour to state that the Municipal Council have resolved in their meeting held on 30-7-46 that they would finance the scheme out of the cesses, rents and octroi duties to be collected by the Municipalities annually.

The Municipal Council in their meeting held on 28-11-46 have resolved that they are in need of the loan already requested for and that they are prepared to pay the loan at Rs 2000/- per annum, including the interest that would be fixed by Government. The Municipality requests sanction for the estimate of Rs 1,32,500/-, one half being the Government grant and the other half as loan to the Municipality. The Council proposes to set apart a sum of Rs 2000/- every year out of its increased income towards the repayment of the above loan with interest.

In these circumstances I request that sanction of Government may kindly be obtained for taking up the 1st and 2nd stages of the work during the current succeeding years respectively and to the grant of half the cost i.e., Rs 22660/- in all as Government grant and the other half as loan to the Municipality repayable in annual instalments of Rs 2000/- The interest for the loan may be charged at 4%

Subject Comprehensive Drainage
Schemes to Hoskote Town

With reference to your letter no L 7236

no 72-43-2 dated 17-1-44 on the above subject.
I have the honour to note in the margin, & to

Opening Balance	Rs 5078/-	The financial position of Hoskote Town Municipality for the year 44-45 as per sanctioned budget the actual receipts to the end of November 1944 are Rs 4231-6-3 as against the budget estimate of Rs 16450/- for the whole year. The total receipts for the year 1943-44 were Rs 14,973-5-11 as against the budget estimate of Rs 13760/- of the year. The anticipated budget receipts for the year 1944-45 may be realised during the second half of the current year as the proper collection season commences only from the month of February onwards.
Receipts	16450/-	
Total	Rs 21528/-	
Payments	Rs 16392/-	
Closing Balance	" 5,136/-	

2 The Municipal Council expects a grant
of Rs. 4000/- during the current year towards
drainage and accordingly included the
same item in the draft budget for 1944-45
but this item was deleted pending distribution

by Government of the Town Improvement
grant for the current year. The drainage
scheme is of urgent necessity to
Hoskote Town and the Municipality would
take up and work out the scheme in
several stages recommended by the
Director of Public Health, as already
mentioned in this Office letter of even
number dated 2-11-46. In this circumstance
I request that sanction of Government
may be kindly obtained to the proposals
contained in my letter of even number
dated 2-1-1943. The connected papers
accompany for your reference.

Sir

With Reference to the corresp
ending with your letter no N_o 3573
dated 27.1.47 on the above Subject
I am directed to state that the
financial position of the Hoskote
town Municipality as seen from
abstract figures of the Budget
for 46-47 cannot be said to be
Satisfactory as the Receipts fall
Short of the expenditure and
closing balance is less than

prescribed minimum. It therefore appears that the Municipality, in its present circumstances can hardly be in a position to borrow money from Govt for the Scheme in question with any hope of repaying the loan.

2) I am to request you therefore to examine the financial resources, ^{jointly} ~~the~~ ^{the} paying capacity, ~~of the Municipality~~, the Sources of Revenue which the Municipal Council would earmark for repayment of the loan, if sanctioned and whether such earmarking is possible without prejudice to the other commitments obligatory works to be attended to the Municipality.

3) The proposal now made by the Municipal Council for repayment of the loan asked for, by small easy annual instalments of Rs 2000/- would take a long period of over ~~20~~ thirty years for the loan ^{to be} discharged. It is therefore necessary to examine whether any step exists improving the financial condition of

G R S App F G 3

GENERAL AND REVENUE
SECRETARIAT*The expected increase in receipts would be also*
(Continuation sheet draft form)

the Municipality and if so, in what direction and to what extent the Municipal Council may ^{also} be consulted. Whether they would agree to take any such measures for the direction of improving the town to find funds for the Scheme a question as Hoshiar Town is deficient in its health conditions, and it is necessary to give the place a good drainage system as early as possible.

~~The forwarding of a very early~~
Reply is Requested

A detailed report on all the above points may be kindly forwarded to the Govt very early

Department, BANGALORE

* Subject Comprehensive drainage scheme for Hoskote town.

With reference to your letter No L 11846 dated 26-3-47 on the above subject, I have the honour to state that the Municipal Council have resolved at their meeting held on 26-3-47 that the expected income by the introduction of the Bye-laws re, levy of tax on Arts, Professions etc, may be earmarked for clearing the loan in addition to the rents on hutton stalls, bus stand, stalls and market fees. By the introduction of the above Bye-laws, the council expects a substantial sum equal to the annual loan instalment payable to Government.

As regards the annual instalments, the amount proposed now i.e. Rs 2,000/- per year seems to be reasonable as the financial position of the Municipality does not permit of enhancement of the ~~60000~~ annuity. I am of opinion that the Municipality will be in a position to pay the annual instalment of Rs 2,000/- by earmarking the above said income for the said purpose.

In the circumstances, I request that sanction of Government may kindly be accorded for taking up the work by sanctioning the grant and loan as recommended in this office letter of even no dated 27-1-47/ at an early date in the interest of the health and sanitation of the town.

Sub Comprehensive drainage scheme for Hoskote town.

...

With reference to your letter No L 3187 dated 26.8.47 on the above subject, I have the honour to state that the municipality expects an increase in its income after the shandy maidan is improved and this amount will be earmarked for the repayment of the loan of Rs.8445 sanctioned by the Government for the improvement of the shandy maidan

The Municipality also expects an increase in its income by the levy of taxes on Arts, Professions, rents on mutton stalls etc, and by the revision of assessment in the municipality and this income will be earmarked for the repayment of the loan to be raised for taking up the comprehensive drainage scheme to the town.

The Sanitary condition of the town is far from satisfactory and Malarial disease is on the increase in the town. As such the taking up of the comprehensive drainage scheme is an absolute and immediate necessity in the interests of the town

In the circumstances, I request that sanction of Government may kindly be accorded for taking up the comprehensive drainage scheme to Hoskote Town as already recommended in this office letter of even No. dated 25-6-47.

I have the honor to be,
Sir,
Your most obedient servant,

HC Miramb

Deputy Commissioner,
Bangalore, District.

Subject Comprehensive drainage Scheme to Hosakote Town

ml
an Hm
7/5/48
With reference to your letter No L 1405/R dated 27-2-1948,
on the above subject, calling for my report in the matter of sanction-
ing a loan to the Municipality as recommended in ~~my~~ my letter of even
number dated 27th Jan 1947, I have the honour to state that I made a
personal inspection of the Town on 29-3-1948, and had a full discussion
with the president, Vice-President and the Full Council

The proposed drainage Scheme has to be put through immediately
as ~~the~~ the town is now suffering greatly on account of Malaria
which is the outcome of the existing bad drainage system The entire
Municipal Council is anxious to have the entire scheme put through
and the first and Second stages immediately

As regards the financial aspect of the proposal, I have to state
that, the Municipal Council has taken a loan of Rs 8,445/- for the
improvement of the Shandy Maidan, and the expected income from the
Shandy source after the work is complete is enough to meet that demand
with interest and the council have already earmarked that income
for the loan of Rs 8,445/- taken by them

The Municipal Council, have at present the following proposals
on hand for improving its finances

- 1 Levy of Professional-tax
- 2 Constiuction of Vegetable Market
- 3 Construction of Mutton Stalls

As regards the levy of professional tax, Government have
sanctioned the proposals in their Order No L 9811-12-ML-67-46-47
dated 26-9-1947 and the Municipality is getting an in-come of Rs
2,000/- on this account This item of in-come, the Council has

has proposed to earmark for the redemption of the loan of Rs 22,600/- they are praying for, and which they have proposed to repay in annual instalment of Rs 2,000/-.

2 As regards the construction of the Vegetable Market, an estimate is prepared for Rs 18,250/- and the same is sent to the Executive Engineer for scrutiny. The plan and lay-out were prepared by the Sanitary Engineer and approved by Mr G H Krumbiegel, the Government Architect in 1940. The Council proposes to raise a loan for this purpose to the extent of half the cost Rs 9,260/- and approach Government for the other half of Rs 9,260/- for a grant. The Municipality is expecting to realise Rs 3,000/- per year from this market and after meeting the loan demand it hopes to have surplus in-come.

3 Construction of Mutton Stalls Proposals have been drawn up for construction of a Slaughter House and Mutton Stall at a cost of Rs 9,050/- Rs 3,110/- has already been placed at the disposal of the Sanitary Engineer. A recommendation has been made to Government for sanctioning a grant of Rs 2,970/- for the same purpose in addition to Rs 1,555/- already sanctioned in 1942. The circumstances of the case has been detailed in this office letter No M6 4021/47-48 dated 22-4-1948 which has been already sent to you. The Municipality is prepared to pay Rs 2,970/- immediately out of its own cash balance for this purpose. The anticipated in-come from this source is Rs 1,000/- per annum.

The Municipality is thus expecting an increased in-come of Rs 6,000/- annually against which there will be loan payment of Rs 2,000/- in respect of vegetable Market, for which a loan is to be raised. The remaining amount of Rs 4000/- per annum will be available from which the loan to be raised for the drainage Scheme will be redeemed.

The Municipality is undertaking the above works to increase its resources in order to meet the cost of the drainage Scheme.

The Municipal Councillors are all ^{with} ~~invited~~ and are working the best interest of the public.

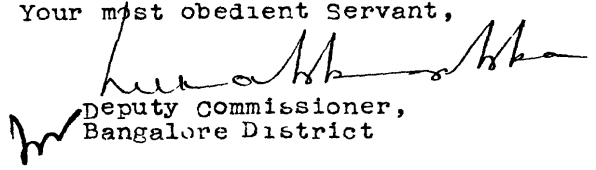

The Municipal Council is ⁺ striving its utmost to improve

to improve its finances by tapping all possible sources, and gauging from the proposed schemes, the Municipality has before it, it may even be possible for the Municipality when all the constructions are over to repay their loan taken, sooner than expected

I therefore recommend that in the above circumstances, the loan already recommended for ~~the~~ in this office letter dated 27-1-1947 may kindly be sanctioned

Sir,

Subject: Comprehensive Drainage Scheme for Hoskote Town

With reference to the correspondence ending with your letter no L 3554 dated 4 10 1948 on the above subject, I have the honour to state that no loan has so far been sanctioned in connection with the above scheme and the loan of Rs 22,600/- referred to in your letter (it was to be Rs 22,660/-) is yet to be sanctioned for taking up the I st and II stage of the comprehensive drainage scheme. Since the loan itself has not yet been sanctioned the question of repayment of this year's instalment of Rs 2,000/- does not arise.

The profession tax is proposed to be levied with effect from 1 1 1949 and a sum of Rs 2,000/- per annum approximately is expected to be realised therefrom.

Yours faithfully,

C. W. M.

Sir,

Subject Comprehensive drainage scheme
for Hoskote Town

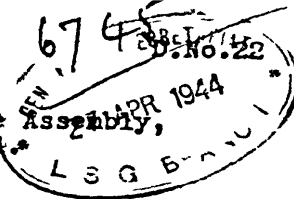

With reference to the correspondence ending with your letter No M6 3593/40-41, dated 15-1-49, on the above subject, I am directed to state that the scheme may be deferred for the present. The anticipated realisations from the fresh sources of revenue indicated as additional means ~~of~~ for discharging the loan applied for seem to be over pitched and are not considered likely to materialise. The scheme of vegetable and the mutton markets may be worked for at least one year and the progress of income realised from these sources ~~and~~ ^{and} ~~inclu~~ ^{tax} ~~ding~~ ^{The} profession/as also ^{The} general financial operations of the municipality watched for one year to assess the capacity of the municipality to repay the loans sanctioned to it promptly and regularly. A report may be sent up in the matter after one year.

Grants for the Hoskote
Municipality drainage
scheme.

Mr. Venkatasubbiah
(Hoskote - Rural).

Hoskote has been converted into a Town Municipality in view of its large population numbering 6020 and increased annual revenue of more than Rs.13,000/-. But this happens to be a malaria place being situated in the midst of many big tanks all round and encircled by many channels running nearby. The Sanitary Department has prepared an estimate of Rs.14,000/- to see that all the stagnant water is quickly drained off. It is now prayed that the be approved and an adequate grant sanctioned.

enclose herewith a Note furnishing the information

I have the honour to be,
Sir,

Your most obedient servant,
S. G. G. G.
DIRECTOR OF PUBLIC HEALTH

NOTE RE HOSAKOTE MUNICIPALITY DRAINAGE SCHEME

A comprehensive drainage scheme for Hosakote town for Rs 42,500/- was forwarded by this office to the Deputy Commissioner, Bangalore District in No C 1420-2 dated 25th March 1941

In his letter No M6 3953/40-41 dated 4th February 1942 the Deputy Commissioner intimated that the cost of the scheme was prohibitive and that the Municipality was unable to finance the whole scheme at once and requested to suggest more convenient and suitable stages for working the scheme

In June 1942 the comprehensive scheme for Rs 42,500/- was sent along with two estimates, one for Rs 7 800/- and another for Rs 6,680/- being the urgent requirements, and the balance of the work amounting to Rs 28,020/- being spread over a period of five years The estimate for Rs 7,800/- relates to the improvement of the central main drain The central main drain was proposed on the most economic lines consistent with efficiency In the central portion of the halla which runs along the heart of the town, for which improvements were urgently desired, it was proposed to have a syck pattern drain for the carriage of sullage water entering the halla The sides of ^{the} halla were proposed to be protected by small masonry construction The second estimate for Rs 6,680/- relates to the construction of mains and also the construction of outfall works

The Deputy Commissioner in his No M 6 3953/40-41 dated 29th October 1943 addressed to the Secretary to Government, Law Department, (copy enclosed for ready reference) recommended that sanction of Government may be obtained for a grant of Rs 3,900/- being half of Rs 7,800/- from town improvement grants of that year, and the sanction of a loan of Rs 7,000/- at 4½ per cent interest per year to meet the Municipal quota for two years

In the Representation No 31 under reference it is mentioned that the Sanitary Department has prepared an estimate for Rs 14,000/- to see that all the stagnant water is quickly drained off No separate estimate for this work was sent up from this office Perhaps the number refers to the two estimates, one for Rs 7,800/- and another for Rs 6,680/- aggregating to Rs 14,480/-

The estimate for the street drains is Rs 28,020/- to be worked out in five stages. It may be mentioned that the estimates were prepared in 1942 and hence require revision

S. B. Mahalingam
Director of Public Health.

Letter No M6 C 3953/40-41 dated the 29th October 1943 from the Deputy Commissioner, Bangalore District, to the Secretary to Government, Law Department, Bangalore

Subject Comprehensive drainage scheme to Hosakote Town

I have the honour to state that an estimate for Rs 42,500/- has been prepared for the comprehensive scheme to Hosakote town the cost being prohibitive and the Municipality unable to finance the whole scheme at once, the Director of Public Health was requested to suggest more convenient and suitable stages of working up the scheme. He has accordingly sent two estimates amounting to Rs 7,800/- and Rs 6,680/- respectively being the cost of 1st two stages of the work. The first one relates to the improvement of the central main drain from the position to R in the enclosed survey plan of the town. The second estimate amounting to Rs 6,680/- relates to the construction of mains from the position B to F and also the construction of outfall works. It is stated that the above works may be spread over 2 years and after the completion of these, the remaining portions of the comprehensive drainage scheme amounting to Rs 28,020/- for the construction of street drains can be spread over a period of five years.

2 The Municipal Council were consulted regarding the ways and means of working out the scheme. After prolonged correspondence they have resolved at their meeting held on 25.9.1943, that the 1st two stages of the estimate may be taken up during the years 1942-43 and 1944-45 the cost being met both by the Municipality and Government in equal proportions and the Municipal quota being advanced by Government as loan in view of the slender resources of the Municipality at present. In all, a sum of Rs 7,000/- has been requested to be sanctioned as loan repayable in 14 years. The Council proposes to set apart a sum of Rs 800/- every year out of its increased income consequent to the revision of assessment towards the repayment of the above loan with interest. The Council are not in favour of the levy of drainage cess as the rate-payers are, in their opinion hit hard by the existing taxes as can be seen from a resolution passed on the subject. The Amildar President in recommending the above proposal states that the balance of the existing loan of Rs 1,000/- (out of Rs 4000/

sanctioned towards water supply scheme) would be cleared this year and next and there would be no trouble in sanctioning a fresh loan to the Municipality towards the all important drainage scheme of the town. This Municipality has also been converted into a town Municipality from 1.1.1944.

3 In these circumstances, I recommend that sanction or Government may kindly be obtained to the above proposals of the Municipality and also to the grant of Rs 3,900/- (being half of Rs 7,800/-) from Town Improvement grants for the current year and the sanction of a loan of Rs 7,000/- at 4 per cent interest per year to meet the Municipal quota for 2 years. The connected records together with the estimates and plans are enclosed for favour of reference.

DIRECTOR OF PUBLIC HEALTH

7

A comprehensive estimate for Rs.42,500/- has been prepared by the Bureau of Sanitary Engineering for the drainage scheme of Hosakote Town Municipality. It is proposed to work it out in seven years, the cost being met by the Government and the Municipal Council in equal proportions. The question of sanctioning the scheme is under the consideration of Government.

The Director of Public Health states that the estimate for Rs.14,000/- referred to by the member may be considered to be the aggregate of the detailed estimates for carrying out the I and II stages of the comprehensive scheme.
